

PROJECT HORSE

UK Commercial Grower & Supplier of Fresh Oriental Vegetables

OPPORTUNITY OVERVIEW

Gordon Brothers presents the opportunity to acquire a well-established UK-based grower and supplier of authentic Chinese and East Asian vegetables (“Company”).

Operating since 1987, the Company has built a strong reputation for quality and reliability, supplying a long-standing and diverse customer base across the UK, including major supermarkets, retailers (via a distributor) and cash and carry customers. Operations are supported by 20 acres of freehold land in Cambridgeshire and a leasehold site in Bedfordshire, both with worker accommodation. An extensive produce range of over 20 varieties, together with hydroponic growing systems, enables year-round supply.

The opportunity offers potential to introduce a high-quality produce range into an existing platform, with established growing facilities providing scope to accelerate production and deliver margin growth.
